

2020-2021 Fire Safety Report on Student Housing

The Campus Fire Safety *Right-to-Know Act* is an amendment to the *Higher Education Opportunity Act*. This amendment serves to increase campus fire safety awareness across the nation, providing students and their families with the fire safety records of colleges/universities. Signed into law by President George W. Bush on August 14, 2008, this amendment requires post-secondary institutions to publicly display fire safety information and statistics, much as they already do with other safety statistics, such as campus theft and assault. This information provides prospective and current students of the policies, concerns, and fire safety conditions that are present at the institution in which they have applied or are enrolled.

Dorm Fire Equipment

Dorm Name	Building Number	Sprinkled	Fire Alarm	Fire Extinguisher	Smoke Detectors in each dorm room tied to main FACP	Smoke Detectors in each room 120v/ battery back up	Smoke Detectors in each room 9v only
