Caron Treatment Centers is a world renowned behavioral health provider with a 60 year history of specializing in substance use and co-occurring disorders. Reading Hospital is a nationally recognized training hospital that received Pennsylvania’s prestigious Centers of Excellence Award. Together, these two organizations provide a unique and comprehensive Fellowship Program.

The Caron Treatment Centers - Reading Hospital Fellowship includes:

Caron Treatment Centers:
• Residential Behavioral Health Units
• Inpatient Detoxification and Withdrawal Management
• Research
• Addiction Medicine Elective

Reading Hospital:
• Outpatient Substance Disorder Clinic, through the Department of Family Medicine
• Outpatient Medication Assisted Treatment Clinic
• Consult Service
• Emergency Medicine

Participation in the program includes:
• Eligibility to sit for the Addiction Medicine Exam
• 40 Hours of CME Credits in Addiction Medicine and Addiction Medicine Exam Review Course
• Competitive Salary and Benefits

Addiction is a serious disease, requiring specialized treatment. Caron Treatment Centers and the Reading Hospital are committed to educating the next generation of Addiction Medicine experts through a Fellowship Program. Our Fellows undergo rigorous, advanced training, utilizing the most innovative evidence-based treatment modalities and therapies. They learn in a multi-disciplinary, multi-modal and multi-phasic setting from world-class physician experts who are regarded as leaders in the field, and are regularly called upon by government, educational, medical and industry organizations to provide expert insight into addiction related topics.

Fellowship Director

Joseph Garbely, D.O., DFASAM
Vice President of Medical Services and Medical Director,
Caron Treatment Centers, Pennsylvania

As Vice President of Medical Services and Medical Director at Caron PA, Dr. Garbely oversees the Healthcare Professionals’ Unit, Chronic Pain Program, Pilots’ Program, Neurocognitive Services, Psychology, Research, Spiritual Care, Detoxification and Medical Management. During his tenure at Caron, Dr. Garbely established the Resident Training Program in PA. He established the ACGME accredited Addiction Medicine Fellowship Program. Dr. Garbely is a member of the American College of Academic Addiction Medicine. He is a Clinical Associate Professor at Penn State College of Medicine, an Adjunct Associate Professor at Stony Brook School of Medicine, and a member of the medical staff at Reading Hospital.

Dr. Garbely is the Chairman of the Physician in Training Committee of the American Society of Addiction Medicine (ASAM), an ex-officio member of the ASAM Board, and a distinguished Fellow of ASAM. Dr. Garbely has his board certifications through the American Board of Psychiatry and Neurology, the American Board of Addiction Medicine, and the American Board of Preventative Medicine, Addiction Medicine. With 20 years of Addiction Medicine experience, Dr. Garbely has an extensive background in treating substance use disorders, specializing in healthcare professionals, executives, and pilots. He has worked to develop treatment programs for psychiatric patients involving a 12-Step philosophy. Dr. Garbely has won teaching awards on the local and national level, including the American Psychiatric Association’s Helen Ruske, MD Award for Excellence in Medical Student Teaching.

Fellowship Program Coordinator

Lauren Diebec, BS
Administrative Director of Medical Services, Caron Treatment Centers, Pennsylvania

Lauren Debiec, B.S. is the Administrative Director of Medical Services at Caron Pennsylvania. In her role, Lauren oversees the daily administrative operations of the Medical Services Department, the Medical Unit, the Healthcare Professionals Unit, and the Chronic Pain Program. Lauren is the Executive Assistant to the Vice President of Medical Services and Medical Director and Program Coordinator of the Caron – Reading Hospital Addiction Medicine Fellowship Program accredited by the Accreditation Council for Graduate Medical Education (ACGME).

Lauren joined Caron Treatment Centers in 2011. She was instrumental in the launch of the separate and distinct unit for healthcare professionals in 2015 and, in her tenure, has been a trusted resource to clients relative to professional monitoring programs. Lauren was instrumental in the accreditation process for the Caron-Reading Hospital Addiction Medicine Fellowship Program. Lauren spearheads recruitment, ensures compliance, and coordinates the educational programming.

Lauren has her Bachelor of Science in Psychology and Social Studies from Philadelphia University. She is completing her Master of Arts in Clinical Counseling at Alvernia University. Lauren volunteers her time to committees at Caron Treatment Centers and in the community.
