READING HOSPITAL

Advancing Health. Transforming Lives.

The Diagnostic Medical Sonography Shadow Program provides individuals with an opportunity to shadow ultrasound technologists and observe ultrasound procedures firsthand in Reading Hospital's Radiology Department. Opportunities are also available at the Reading Hospital School of Health Sciences where individuals can observe within Diagnostic Medical Sonography courses in the classroom and/or lab environment.

Shadowing experiences at Reading Hospital's Radiology Department are scheduled on Tuesdays from 1 to 3:30 p.m., and Thursdays from 9 to 11:30 a.m. Observations in classes at the Reading Hospital School of Health Sciences are scheduled as availability permits.

Requirements

- Must be at least 16 years of age or older.
- If under 18, required parent/guardian consent form for shadowing needs to be completed.
- Photo identification and proof of age is required for **ALL** observers.
- Appropriate attire must be followed.
- **Effective August 1, 2021, must show proof of being fully vaccinated for COVID-19 prior to the experience. "Fully vaccinated" is defined as two weeks after a second dose of a two-dose series, such as the Pfizer or Moderna vaccines, or two weeks after receiving a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine.**

Reading Hospital School of Health Sciences operates without distinction to age, race, color, religion, gender, disability, sexual orientation, national origin, or economic means.

Participation in a shadowing experience does not guaranteed admission to Reading Hospital School of Health Sciences. If applying to the Diagnostic Medical Sonography program, shadowing is highly encouraged.

For more information, or to schedule a shadowing experience, please contact the Diagnostic Medical Sonography Program at 484-628-0200.
